DETAILED ACTION

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: none of the cited art discloses a flexible conductor, which connects conductive portions to each other, and the conductive portions being respectively provided in the two casing members, wherein the hinge part includes: a first rotating member, which serves as an axis for rotating the two casing members in an opposed and direction of the two casing members, a second rotating member, which serves as an axis for rotating one casing member of the two casing members relative to the other casing member under a non-opposed state of the two casing member in a direction perpendicular to a rotating direction in which the first rotating member serves as the axis, wherein the flexible conductor is disposed in one end side of the first rotating member, and wherein a feeding part of the antenna is disposed in the other end side of the first rotating member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
